The SOUTH-CAROLINA *Gazette*.

CHARLES-TOWN, *June* 23.

On Monday laſt the General Aſſembly of this Province met purſuant to the Governor's Proclamation; and there being a pretty full Houſe of Repreſentatives Yeſterday, His Excellency was then pleaſed to open the Seſſion with the following pathetic SPEECH, *or Exhortation*, viz.

Honourable Gentlemen,
Mr. Speaker, and Gentlemen,

IT is with ſingular Pleaſure I come this Day to acquaint you, that a conſiderable Body of His Majeſty's Forces are landed here from *Philadelphia*, and Two Companies in the Pay of *Virginia*; and, that I expect a further Aid, which the neighbouring Provinces, at their own Expence, are raiſing, and have engaged to tranſport to us. I have alſo received Advice from one of His Majeſty's principal Secretaries of State, that an additional Reinforcement is ordered to proceed hither from *Ireland*; and will direct a State of the Numbers of theſe reſpective Corps to be laid before you.

Thus, GENTLEMEN, our Moſt Gracious Sovereign has, on His Part, from His Paternal Goodneſs and Sollicitude for your Preſervation, *done* ALL *that in your warmeſt Wiſhes you could have* HOPED *for*; our Fellow Subjects have alſo *done* THEIR'S; it remains for YOU *to do* YOUR'S: And I have the King's Commands, to call upon you, in the ſtrongeſt Manner, to enable me to raiſe, with the utmoſt Expedition, as large a Number of Provincial Forces as may be, for the Service of the enſuing Campaign, *over and above what you ſhall judge neceſſary for the immediate Defence of your own Province*, to act in ſuch Parts as the Earl of *Loudoun*, or the Commander in Chief of His Majeſty's Forces for the Time being, ſhall judge moſt conducive to the Service in general. Wherefore, I do MOST EARNESTLY ENTREAT and EXHORT you, as you tender *your Duty to the King*, the *Honour and Welfare of your Country*, and *your own Reputation*, to take SUCH RESOLUTIONS as may not diſappoint His Majeſty's *juſt* Expectations: And I will perſuade myſelf, that your Conduct will be SUCH, as may convince the World, you are *worthy Subjects* of a great and *good Prince*, who extends His Royal Care to YOU in ſo *conſpicuous* a Manner, and this too *in a Conjuncture* when the Intereſts of His *European* Realms and Dominions might well employ ALL the Powers and Reſources of Government.

The Contingent, which it was the Opinion of the Earl of *Loudoun* and the Governors met at *Philadelphia*, that *this Province* ſhould furniſh, I ſhall acquaint you with: But allow me to indulge a Belief, that *that Proportion* will be *very far exceeded*, by additional Levies, as I truſt you are truly ſenſible of the *invaluable* Bleſſings YOU enjoy, and the *Neceſſity* there is, in this great Criſis, to exert ALL *the Means* which Providence has put into your Hands, which may tend to preſerve them, and to repell Diſtreſs, and ſubdue a formidable and perfidious Enemy, whoſe conſtant Aim and unwearied Endeavour it is, to eſtabliſh *Tyranny* and *Superſtition*, on the Ruins of *Law*, *Religion*, and *Liberty*.

WILLIAM-HENRY LYTTELTON.

To His Excellency WILLIAM-HENRY LYTTELTON, *Eſq; Captain-General, and Governor in Chief, in and over His Majeſty's Province of* SOUTH-CAROLINA.

The Humble ADDRESS *of His Majeſty's* COUNCIL *of the ſaid Province.*

May it pleaſe Your Excellency,

WE His Majeſty's moſt Dutiful and Loyal Subjects, the Council of this Province now met in General Aſſembly, beg Leave to return Your Excellency our moſt hearty Thanks for Your Speech delivered to us Yeſterday.

The freſh Inſtance of His Majeſty's Paternal Care, in ordering ſo conſiderable a Body of His Troops for our Protection, in this Time of imminent Danger, which Your Excellency was pleaſed to communicate in Your Speech Yeſterday, fills our Hearts with the warmeſt Gratitude, and quickens thoſe Inclinations to exert ourſelves in this Common Cauſe which our Duty and our Intereſt had prompted us to purſue.

We beg Leave to expreſs to Your Excellency our ſince e Acknowledgements and Gratitude to His Excellency the Right Honourable the Earl of *Loudoun*, for the Meaſures concerted by His Lordſhip for the Defence of this Province, and for the Readineſs which our Neighbouring Colonies have ſhewn, in the Congreſs of Governors lately held at *Philadelphia*, to ſtrengthen His Lordſhip's Hands for that Purpoſe.

Permit us to aſſure Your Excellency in the ſtrongeſt Manner, that *nothing ſhall be wanting* on our Parts, to enable Your Excellency to raiſe ſuch a Number of Forces as our Circumſtances can bear, either for the immediate Defence of this Province, or for the Service of the enſuing Campaign, to act in ſuch Parts as the Earl of *Loudoun*, or the Commander in Chief of His Majeſty's Forces, ſhall think moſt conducive to the Preſervation and Defence of His Majeſty's Colonies.

Our Loyalty to the beſt of Kings, and our Zeal for the Common Cauſe of defending His Majeſty's Dominions in *America*, raiſe in us the *moſt ardent* Inclination, to exert *every Means* which Providence has placed in our Hands, to *ſecond* His Majeſty's Paternal Care. And we ſhall moſt readily concur with Your Excellency, in *every* Meaſure in our Power, that may tend to ſecure to our Poſterity, the ineſtimable Bleſſings of that Liberty and Property which we now ſo happily enjoy. And this, we are ſenſible, cannot be attained, but by effectually repelling the Incroachments made by the *French*, and defeating the Deſigns which they have ſo long formed, and ſo invariably purſued, to the Danger of all His Majeſty's Colonies on the Continent of *America*.

In the Upper Houſe of Aſſembly,
the 23d Day of June, 1757.
By Order of the Houſe,
EDWARD FENWICKE, *Secr.*

The GOVERNOR's ANSWER.

Honourable Gentlemen,

I Return you my very ſincere Thanks for this Addreſs, and receive with the greateſt Pleaſure theſe Declarations of your Zeal for His Majeſty's Service and the Support of the Common Cauſe againſt all the Attempts of His Enemies: I perſuade myſelf that ſuch Diſpoſitions, ſo highly laudable in you, will be productive of the happieſt Effects; and that the Meaſures which have been ſo providently concerted, and with ſo much Attention to the Welfare of this Province, will, with the Divine Aſſiſtance, ſecure to you the Poſſeſſion of that Happineſs you enjoy under His Majeſty's benign and auſpicious Government.

WILLIAM-HENRY LYTTELTON.

To His Excellency WILLIAM-HENRY LYTTELTON, *Eſq; Captain-General, and Governor in Chief, in and over His Majeſty's Province of* SOUTH-CAROLINA.

The

The Humble ADDRESS of the COMMONS HOUSE of ASSEMBLY of the said Province.

May it please Your Excellency,

WE, His Majesty's most Dutiful and Loyal Subjects, the REPRESENTATIVES of the Inhabitants of this Province, beg Leave to return Your Excellency our most sincere Thanks for the SPEECH You delivered to us Yesterday in General Assembly.

The Arrival of the Forces from the *Northward*, and the further military Aids and Reinforcements which Your Excellency informs us may be expected, both from *Great-Britain* and our Neighbouring Colonies, fill our Minds with a high Sense of His Majesty's Paternal Care and Goodness, engage our Affections towards our generous Fellow-Subjects, and justly challenge from Us the strongest and most grateful Returns.

Such Succours, so *seasonably* thrown in, and destined for *Our* Relief and Defence, and *that* too at a Time when the Attention of Government might reasonably have been engaged in *other*, and perhaps *higher* Concerns, cannot fail to *influence* our Councils, and *mix* in ALL our Considerations, when *now*, in Obedience to Your Excellency's affectionate Call, we are assembled to *enquire* and *determine* WHAT, on OUR Parts, *ought* to be done, as well for *the* AMERICAN *Service in general*, as for *our own particular Preservation*.

We receive *most thankfully*, Your Excellency's *warm Exhortations* to Duty: And, while with Pleasure we behold YOU, *Sir*, not in *Words* ONLY, but in VERY *Deed*, zealous for *the Honour and Welfare* of this Province, and *anxious* for its Stability and Happiness, We feel ourselves *bound*, by the strongest Obligations, *to strengthen Your Hands* for Action, to *co-operate* with You in *every* salutary Measure, and, as far as the Circumstances of our Constituents will reasonably admit, to afford You *that Assistance* which *the Necessity of the Times requires*.

Be assured, *Sir*, that it is *Our earnest Desire*, and most *sincere Intention*, SO to use *those Means* which Providence has put into our Power, as *to answer* His MAJESTY's *just Expectations*, and to repell, to the utmost, that Enemy, whose Designs are so destructive of our Sovereign's undoubted Rights, and so subversive of our most invaluable Privileges.

In the Commons House of Assembly,
the 23d Day of June, 1757.

By Order of the House,
BENJAMIN SMITH, *Speaker.*

To which ADDRESS His EXCELLENCY was pleased to make the following ANSWER.

Mr. Speaker and Gentlemen,

I Cannot too strongly express to you, the very great Satisfaction I feel in receiving an Address in which your Zeal for the Service of your Sovereign, the just View you have of the alarming Condition of Public Affairs, and your Resolution to concur with me and afford such Aids as the Exigencies of the Conjuncture demand, are so clearly manifested. I must also return you my very cordial Thanks, for that Part of it, in which you take Notice of my Wishes for the Welfare of the Province; and I will hope, while I see you animated with such a truly British *Spirit, that, if it pleases* GOD *to give a Blessing to our Endeavours, His Majesty's gracious Purposes will not be frustrated, and the Stability and Happiness of this Colony will be effectually secured.*

WILLIAM-HENRY LYTTELTON.

CHARLES-TOWN, June 16.

Yesterday arrived here His Majesty's Ship Garland, *commanded by* Mariot Arbuthnot, *Esq; with Eight Transport-Vessels under Convoy, having on board a considerable Number of Troops from* Philadelphia *and* Virginia. *They spoke with the* True-Blue *and* Lyttelton *Privateers, of this Port, 4 Days ago, all well on board, except the Gunner of the former.*

This Day an Account came to Town, that Lieutenant Wall, *with* Brown *(the Packhorse-man) who accompanied him as a Guide, were taken on the 20th ult. within 12 Miles of the* Halbama *Fort, through the Vigilance of Mr.* Pepper, *our Agent in the* Creek *Nation. We are likewise informed, that Mr.* Bonar *(our Agent's Clerk) having strayed a little too near the said Fort, was lately taken by a Detachment from that Garrison, and ordered for* Mobille; *within a few Miles of which he was however soon recovered, by a Party of* Creek Indians, *upon Mr.* Pepper's *Sollicitations.*

Besides the Troops already arrived here, we are assured, that a considerable Number of Provincials *may be soon expected from the* Northern *Colonies; and a large Body of* Highlanders, *by the Way of* Ireland.

And we hear, that a Regiment is recommended to be forthwith raised in this Province; which, if we have but Half the Sollicitude and Concern for Ourselves, that our Mother-Country and Sister-Colonies, &c. have manifested for us, will be done, without Hesitation or Debate, especially when it is considered (among other Things) that, if our active Enemy have heretofore had an evil Eye upon this Province, (of which few of us now seem to remain in any Doubt), their Views and Efforts will be proportionably enlarged, as they have become more fully and certainly apprized of the Importance of this Colony, by their late Captures of some of our valuable Indico *Ships. It is at the same Time to be wished, that the late Success of the* French, *in taking so much of that Dye, may not tempt them to send Cruizers upon our Coasts to seek for more, and greatly annoy our Trade, for the Protection of which we are not as yet informed of any effectual Provision being made.*

'Tis however affirmed, that the fitting out of a provincial Vessel for that Service will not be long delayed; and also, that, instead of, or besides Scout-Boats, we shall have Gallies, not only to convoy and protect the coasting Sconers, &c. but likewise for the following Reasons, viz. 1st, Because they draw but little Water, and can be moved with such Facility, that no Troops upon a March can keep Pace with them: 2d, Because no Enemy can be landed in shallow Places under their Cannon, where large Vessels cannot approach near enough to cover a Debarkation: 3d, Because they may be extremely useful in all unfortified Rivers and Creeks capable of admitting them: 4th, Because a few of them drawn up in a Line, with their Bow-Guns, can form a better Battery than most: And for more other Reasons than we have Room to insert. But, for a Proof of the great Utility of these kind of Vessels, and the Expediency of having them, especially in such a Country as this, we need only refer to the Siege of St. Augustine, *under General* Oglethorpe, *where* Five *paltry Half-Gallies annoyed us more than treble the Number of large Vessels could have done.*

As it has always been an invariable Rule with us, not to commend, where we could know Commendation was not deserved; so we are governed by two others, one of which imposes "expressive Silence" on us, where we can say no Good; *and the* other *obliges us to give Merit* Praise: *In Consequence of the latter, it is our Duty to take Notice, that Capt.* Knight, *of His Majesty's Ship* Arundel, *has acquired great Esteem and Reputation, by taking uncommon Care of the Vessels that came from* England *under his Convoy, to the great Emolument of the Assured and Assurers upon them; for which, it is thought, he will receive public Thanks.*

The Arundel *will sail for* England *again, some time in the beginning of next Month, as Convoy to all such Vessels as shall then be ready to depart.*

JUST imported from London, Meditations upon various and important Subjects, with short prayers annexed. By *Benjamin Jenks.* With a preface by the Rev. Mr. *Hervey.* An extract from the Preface.

'The several meditations may be regarded as so 'many striking sermons, on the most interesting 'subjects of our holy religion; or rather, as a judi'cious abridgment of various excellent sermons, on 'almost every branch of christianity. In each of 'which, we have the spirit and energy of a copious 'discourse, contracted within the small compass of 'two or three pages; for which reason I cannot but 'apprehend they may be particularly serviceable in 'the family, as well as in the closet. That one of 'these short essays, distinctly or repeatedly read a'mongst our domestics, may be more advantageous, 'than the hasty perusal of a much larger composition.

'Let me only add, that I know one person to 'whom these books have been highly delightful, and 'eminently beneficial, have very much contributed 'to exalt his apprehensions of divine grace, and to 'establish his faith in the blessed Jesus. That they 'may be equally, or rather more abundantly, bene'ficial and delightful to the public, is the wish, the 'hope, the prayer of *James Hervey.*

The SOUTH-CAROLINA *Gazette*.

The SPEECH of the Honourable HENRY ELLIS, *Eſq; Lieutenant-Governor, and Commander in Chief in and over His Majeſty's Province of* GEORGIA: *Delivered to the General Aſſembly of the ſaid Province, met at* SAVANNAH, *on Thurſday the 16th Day of* June, 1757.

Gentlemen of the Council, and of the Commons Houſe of Aſſembly,

THE Honour His Majeſty has been graciouſly pleaſed to confer on me, in appointing me to preſide in the Government of this Province, calls, in a particular Manner, for the Exertion of my beſt Abilities, to approve myſelf not unworthy of ſo diſtinguiſhing a Mark of the Royal Favour.

Perſuaded I am, that the ſureſt Means of doing this, will be, to conſult your Felicity, and the general Welfare of this Infant Colony.

Directed by theſe Conſiderations, I ſhall always be glad of your Advice and Aſſiſtance, and ſhall eſteem every Propoſal of yours, of the ſame Tendency, as the moſt important Service you can render me.

I can with unfeigned Sincerity declare, that I enter upon this Station with the moſt diſintereſted Views; without Prejudice to any Man, or Body of Men, or Retroſpect to paſt Tranſactions or Diſputes: But, animated with the warmeſt Zeal for whatever concerns your Happineſs, or the Public Utility; ſincerely inclined to concur with you in every juſt and neceſſary Meaſure; and, fully reſolved, if unfortunately my Wiſhes and Endeavours prove fruitleſs, to be the firſt to ſollicit my Recall.

From ſuch Diſpoſitions on my Part, I would willingly hope, that you will not be wanting on Yours.

I flatter myſelf, that your Zeal for the Public Good is at leaſt equal; and that you come together in the moſt diſpaſſionate Temper, diveſted of Pre-poſſeſſion, Animoſity, and Diſtruſt, heartily diſpoſed to co-operate with me in promoting the Public Service, by eſtabliſhing Order, mutual Confidence, and domeſtic Tranquillity, as there never was a Conjuncture when theſe were more immediately neceſſary.

How intereſting ſoever the Objects that uſed to engage your Thoughts may ſeem, they certainly bear no Proportion to thoſe that now demand your Attention: Your Religion! your Liberty! your ALL is at Stake! I do therefore earneſtly exhort you, to ſtudy your true Intereſts only; not to ſpend your Time, ſo valuable to yourſelves and the Public, in the Purſuit of Things trivial or unſeaſonable, that may defeat the great Ends of your Meeting. Lay aſide your Jealouſies of each other, and of Government; and do not forget, that you are a People who have great and daily Obligations to your Mother-Country, for Support and Protection in this your Infant and helpleſs State; that you have a conſtitutional Dependance upon Her, calculated for your Advantage, Security, and the General Good; and that, from a ſuitable and becoming Conduct alone, you will be intitled to, and may reaſonably expect, a Continuation of her Regard and Aſſiſtance, and every ſort of Encouragement and Indulgence from me that His Majeſty's Inſtructions (framed upon the pureſt Principles of Equity, and the ſtricteſt Regard to your Happineſs) can authorize.

It is evident, how much you have been the Object of the Royal Attention and Favour, by the late Eſtabliſhment of a regular Syſtem of Government among you, wherein your Intereſt and Conveniance were principally conſulted. It is further manifeſted, by the Readineſs with which the Supply of Arms and Ammunition were granted, and Preſents for ſecuring the *Indians* in your Alliance and Defence, at a Time of great Exigence, when the very Exiſtence of the State is threatened by the Efforts of a powerful and implacable Enemy.

Theſe Conſiderations ought to inſpire you with the deepeſt Sentiments of Gratitude, and theſe Sentiments will be beſt ſhewn, in the Diſcharge of thoſe Duties you owe to yourſelves and your Country, upon this important Occaſion.

As I know how precious your Time now is, I call you together but for a ſhort Sitting, although upon Points of the laſt Conſequence to your preſent Safety, Credit, and future Proſperity.

Gentlemen,

It would be needleſs to repreſent to you, the dangerous Situation you are in, and the abſolute Neceſſity there is of exerting yourſelves vigorouſly, by employing, in the moſt ſpeedy and efficacious Manner, every Means in your Power, that may tend to avert thoſe affecting Calamities, which have been already ſo ſeverely felt by ſome, and are juſtly dreaded by all, His Majeſty's *American* Subjects, notwithſtanding His Paternal Endeavours to prevent them.

The chief Part of theſe Misfortunes may, not improperly, be aſcribed to the ſhameful Neglect, not to ſay Perverſeneſs, of thoſe who ſuffer, and by whoſe timely Efforts and Attention, they might, in a great Meaſure, have been prevented.

Inſtructed by ſo fatal an Example, and urged by ſo many preſſing and alarming Circumſtances, I doubt not, that you will diſtinguiſh yourſelves, by an uncommon Zeal and Alacrity, in concerting, and carrying into Execution, ſuch Meaſures as are moſt ſuitable to this dangerous Criſis.

When Alarms are ſounding from every Quarter; and when ſo active and formidable an Enemy is upon your Borders, projecting, by every Means that inveterate Malice can ſuggeſt, the Accompliſhment of your Ruin, no Time is to be loſt. I am ſenſible, it is but little you are able to do, yet that Little ſhould be done, with Spirit and Chearfulneſs becoming *Engliſhmen*, who know how to prize the peculiar and ineſtimable Bleſſings they enjoy.

The Conſtruction of Log-Forts, in proper Situations, would certainly contribute to your Safety, by affording Places of Retreat; where, upon any ſudden Emergency, a ſhort Stand might be made, until Succour could arrive: And, any Encouragement that can be given towards procuring an Acceſſion of Inhabitants, would accelerate your Proſperity, add to your Strength, and be the beſt Security in Times to come. Theſe weighty Conſiderations, naturally ſuggeſt the Expediency, and even Neceſſity, of framing, forthwith, ſuch Laws as ſhall be moſt conducive to thoſe ſalutary Ends.

Gentlemen of the Commons Houſe of Aſſembly,

I have ordered the State of the Public Debt to be laid before you; and I rely upon your taking the moſt efficacious, and leaſt burthenſome, Method, for its Diſcharge, and for preventing the like Incumbrances for the future; as the Maintainance of the Public Faith and Credit of this Province, is at all Times eſſentially neceſſary, more eſpecially at the preſent, when your Safety is ſo cloſely connected with it: I therefore hope, it will conſtitute a capital Object of your Deliberations.

Gentlemen of the Council, and of the Commons Houſe of Aſſembly,

I defer Matters of a more general Nature to a future Occaſion, when the Seaſon will admit of a longer Abſence from your private Concerns: And have now only to recommend to you, in the ſtrongeſt Manner, Unanimity and Diſpatch; and you may depend on my ready Concurrence, in every Thing that can promote your real Happineſs.

To

To the Honourable HENRY ELLIS, *Esq; Lieutenant-Governor, and Commander in Chief, in and over His Majesty's Province of* GEORGIA.

The Humble ADDRESS *of the* UPPER HOUSE *of* ASSEMBLY *of the said Province. Presented on the* 18*th Day of* June, 1757.

May it please Your Honour,

WE, His Majesty's most dutiful and loyal Subjects, the Council of *Georgia*, in General Assembly met, beg Leave to return Your Honour our unfeigned Thanks, for Your affectionate Speech to both Houses at the opening of this Session.

With Hearts overflowing with Gratitude to the best of Kings, for His Paternal Goodness, in taking the distressed Circumstances of this Province into His Royal Consideration, and appointing Your Honour to preside over us, We take this first Opportunity of congratulating Your Honour upon Your safe Arrival in this Province; and promise to ourselves, from Your Honour's distinguished Abilities, acknowledged Probity, and unwearied Application, that the Day of Your Arrival will prove the Æra of the Prosperity of this Colony.

We beg Leave to assure Your Honour, that we shall at all Times esteem it our indispensable Duty to offer You our best Advice and Assistance, and shall also chearfully co-operate with You in every just and necessary Measure for the general Welfare and Felicity of this Infant Colony; not doubting but Your Wishes and Endeavours will merit the Divine Favour, and that Your Honour will prove a long and lasting Blessing to this Province.

We are truly sensible of our exposed and helpless State, and the great Necessity there is for Unanimity and mutual Confidence in this Time of public Danger: And We do, with the greatest Sincerity, assure Your Honour, that we will, to the utmost of our Power, studiously avoid every Occasion of Altercation, and the Pursuit of Things trivial or unseasonable; and that we shall ever retain the most grateful Remembrance of the great Obligations we have to our Mother-Country for Support and Protection, and of her constant Attention to our Safety, so recently manifested, by the very seasonable Supply of Arms and Ammunition, and Presents for securing the *Indians* in our Alliance and Defence in this critical Conjuncture; constantly bearing in Mind our constitutional Dependance on Her, and endeavouring so to frame our Conduct as that it may intitle us to a Continuance of Her Regard and Assistance, and to the Royal Favour and Indulgence.

The distressed and calamitous Condition of many of His Majesty's Subjects on this Continent, deeply affect us; and we shall, with the greatest Readiness, concur in every Measure in our Power, to enable Your Honour to defeat the Machinations of our Enemies, and to avert those Evils their Malice may suggest for the Accomplishment of our Ruin.

We are sorry to say, that little is in our Power; but that Little, we shall do with Spirit and Alacrity, accounting the Preservation of those invaluable Blessings, our Religion, Laws, and Liberties, our nearest Concern.

We shall give immediate Attention to the framing of such Laws, as may best tend to the Security of this Province and the Increase of its Inhabitants; and shall readily join, in effectually supporting the Public Credit, and preventing future Incumbrances.

Governor ELLIS's ANSWER to the above ADDRESS.

Gentlemen of the Council,

THE grateful Sense you have of His Majesty's Paternal Regard for this Colony, and the kind Sentiments you are pleased to entertain of me, have a just Title to my best Acknowledgements. The Zeal you so seasonably express for the Public Service, the good Dispositions you shew, and the Example you afford, cannot fail of the best Consequences, and lay me under the strictest Obligation, to employ the Confidence you repose in me to no other Purpose but the Welfare of this Province.

CHARLES-TOWN, June 23.

From *Providence* we are advised, of the 11th Inst. that a Vessel was *then* just arrived there from *Port au Prince*, with an Account, that so many *French* Men of War had lately arrived at *Cape François*, as had encreased the Number we formerly mentioned in this Paper, to 17 Sail of the Line, and 13 Frigates, besides *Bomb-Vessels*, Fireships, *&c.* And that they also had a large Body of Land-Forces there, who were held in Readiness to re-imbark on *Two* different Expeditions — *which has occasioned various Conjectures.* Some imagine, that a Part of the above Armament is destined *this Way*, while the other attempts the Conquest of *Jamaica*; others are of Opinion, that the Whole will arrive at *Louisbourg* or in the Gulph of *St. Lawrence*, before Admiral *Holbourne* can reach *Halifax*; and others again, that most of the Frigates, with some of the Bomb-Vessels, and 1 or 2 large Ships, will separate from the Rest in this Latitude, and the others proceed with the *St. Domingo* Fleet for *France.*

Other Letters from *Providence*, advise, that the *Little Recovery* Privateer, of that Island, now commanded by Capt. *Edward Turner*, is sail'd on another Cruize: That the *Polly* Privateer, Capt. *Henderson*, together with the *Fortune-Hunter*, of *Jamaica*, have lately sent in there, a *French Danish* Sloop laden with Provisions, and 5 *French* Negroes which they took in a Canow: That, some Outrages having been lately said to be committed on some *Spanish* Vessels, the Governor of *Cuba* had sent Three Xebecks to cruize in the Track of the *English* Privateers, and force all into the *Havanna* that they can met with, in order that the Authors of those Outrages may be discovered; besides which, he has sent a Vessel to look into all the Ports of the *Northern* Colonies: And, that *Monte Christo* is now made the Channel thro' which the *French* obtain Supplies of all Kinds of Provisions, *&c.* at the Cape.

Letters from *Jamaica*, by the Way of *Providence*, inform us, that the Inhabitants of that Island were in daily Expectation of being attacked by the *French*, and therefore taking every possible Measure for their Defence: That 7 Men of War are placed in a Line facing the Entrance of *Port-Royal* Harbour; and Martial-Law was again proclaimed there: And that a *French* Squadron then constantly cruized upon the South Coast of that Island, while another occupied the *Windward-Passage.*

On Thursday and Friday last the Troops lately arrived from the *Northward*, were landed. The *Provincials* are quartered just without the Town; and the *Regulars* are encamped, upon *New-Market* Course, where both Men and Camp make a fine Appearance. These Troops, and those that were here before, are all now under the Command of Lieutenant-Colonel *Henry Bouquett*, Esq.

On Saturday last Lieutenant *Wall* was brought to Town. On his Way hither, that artful Villain found Means to engage *Togulki*, Son of the late *Malatchi* (who as soon as of Age will be King over all the *Creek's*), with *Symbiyeski* Uncle and Guardian to *Togulki*, *Micohadga* or the *Mad-King*, *Efforwachla* and 11 other *Creek Indians*, to come to Town with him, and intercede not only for his Life, but also that he should be set at Liberty to return with them. Accordingly, they accompanied him, and at their very first Conference with the Governor, strenuously sollicited for *Wall*'s Life being spared, acquainting him that they had come down purposely, and upon no other Business whatsoever: After what might naturally be expected to be said upon the Occasion, His Excellency, at length, promised them, that *Wall* should not be put to Death; and they, in Return for so high a Favour, assured the Governor he should see Proofs of their grateful Sense of it; *Wall* however remains in Custody, as our Laws are not be dispensed with, by which he must undergo a Trial. After the Conferences were over, as this was the first Time of *Togulki's* being in Town, His Excellency ordered him, and the Rest of the *Indians*, to be shewn every Thing that was curious, and a proper Distribution of Presents to be made amongst them: To-morrow they will see the *Royal Americ-*

cans

one; reviewed, and dine with the Governor, and then they will set out Homeward.

It is believed, that the present Sitting of the General Assembly of this Province, will be a *very important* One; *for the People represented there, seem to be thoroughly sensible of their Situation, and of the Obligations they owe to their King, Country, &c. and disposed chearfully to contribute any Proportion of Taxes for the Public Good.*

Our last Letters from *Georgia*, acquaint us, that *David Montaigut*, Esq; is chosen Speaker of their Commons House of Assembly; and that Capt. *Brad-dock* was returned from an unfortunate Cruize.

In order to check the Transportation of Troops, *&c.* to and from *Missisippi*, and an illicit Trade carried on there, we hear, that the Men of War on the *Jamaica* Station will be directed, for the future, to perform their Cruizes thro' the *Windward-Passage*, the *Old-Straights* of *Bahama*, off the West End of the *Bahama* Bank, and so into the Bay of *Mexico*, off *Missisippi*, and thence to *Jamaica*; while a Squadron will be stationed at *Port-Royal* in this Province, whence our Cruizers can soon be in the Track of the *French* Ships that come thro' the Gulph, that being the Route of all from *Louisiana* and many from *St. Domingo*: In Case the Court of *Spain* should also break with us, (as there now seems to be some Reason to apprehend it may), this Squadron will have the double Advantage of being likewise soon in the Track of all the *Spanish* Homeward-bound Galleons and Flota, and can cruize at all Times of the Year, as well as easily obtain all Kinds of Supplies and Repairs.

It is affirmed as a Truth, that, not many Days ago, no less than 400 Head of Cattle were driven from this Province for *St. Augustine*; where Contracts are made for supplying them with many more large Gangs: And it has been remarked, that the Cattle drove to the same Place, within *nine* Months past, incredibly exceeds the Quantity that Garison can possibly consume; while, at the same Time, it has been extremely difficult for our Butchers to supply the *Charles-Town* Market, and that too with very ordinary Beef. *Is it not hence to be feared, that* St. Augustine *is converting into a Magazine for certain Purposes? And ought not we to guard against the Possibility of its being made so?*

Upon a diligent Inquiry, we do not find that the SMALL-POX is in or about *Charles-Town*.

☞ *The* NORTH POST *is expected in next Wednesday, and as he will not be detained, 'tis desired that all Letters intended to go by him, may be sent to the Post-Office by the* Evening *of* that Day. ☜

CHARLES-TOWN, *July* 7.

LAST Friday ſail'd on a Cruize, His Majeſty's Ship the *Garland*, commanded by Capt. *Arbuthnot*.

Laſt Sunday we heard from Fort *Loudoun*, that Capt. *Demere* being informed of ſome *Shawanoſe* expected at *Telliqua*, (and perhaps ſuſpecting they were coming upon the *old Buſineſs* of ſeducing the *Cherokee*'s to the *French* Intereſt), had ſent out a Party from that Garriſon, with the Approbation of *Old-Hop* and other *Cherokee* Head-Warriors, to Way-lay them, who accordingly fell in with 7, and killed and ſcalp'd 3 of them; but the other 4 got away.

The ſame Day, arrived here a Brigantine, in 11 Days from *Rhode-Iſland* (being the firſt Veſſel from any of the *Northern* Colonies in Four Months paſt, except the Tranſports and a Victualler or two) the Maſter of which reports: That a *Rhode-Iſland* Sloop was lately ſent into *New-York*, by one of the Privateers belonging to that Place, who had ſeen her go into Cape-*François* Harbour, and took her 5 Days after, as ſhe came out: That the ſaid Sloop had carried Intelligence to the Cape, of the Diſpoſitions made by Lord *Loudoun*; the Maſter of which being convicted thereof, by the Evidence of his Crew, and afterwards by his own Confeſſion, was hang'd on board his own Veſſel, the Day after ſhe was brought into *New-York*: That upon her Arrival at the Cape, 5 Men of War from 74 to 84 Guns, with 30 Tranſports, (the Whole ſaid to have 12,000 Troops on board, deſtined for an Attempt on *Jamaica*, and for which they were to have ſail'd in 3 or 4 Days), were immediately ordered to put to Sea, and make the beſt of their Way for Cape-*Breton*; where, our Informant heard, they were arrived, and that the Men of War were cruizing off *Halifax*: That Lord *Loudoun* (who had, before the above Sloop was brought into *New-York*, embark'd all the Troops, *&c.* for the intended Expedition, and was to have ſail'd in 3 Days), had deferred opening the Campaign for ſome Time, at leaſt 'till he could learn whether this Intelligence was true, (having ſent out Veſſels to make Diſcoveries), or, 'till the Arrival of Admiral *Holburne*, who had been long and impatiently expected: And, that when the above-mentioned Fleet ſail'd from the Cape, 30 *French* Merchantmen alſo put to Sea, which, off *Bermuda*, fell in with ſome *Engliſh* Privateers, who took 14 of them (almoſt within Gunſhot of, and unregarded by the Men of War, who kept on their Courſe with crowded Sail), 7 of which were ſaid to be arrived at *New-York*.

On Monday Evening arrived in Town about 20 Head-men of thoſe *Chickaſaw's* who reſide upon a Branch of the *Miſſiſippi*, to ſee the Governor, and compliment him in the Name of the Nation; and were received by His Excellency with that Cordiality and Friendſhip which He is remarkable for having ſhewn to all *Indians* that have come to Town in his Time. 'Tis ſaid, that theſe *Indians* were extremely tender of putting the Province to any Charges that could be avoided, on their Journey thro' the Country; expreſſing a Senſibility that their Brothers the *Engliſh* were already at very great Expences to ſupply them with Ammunition, *&c.* and on Account of other *Indians*.

On Tueſday laſt, a *French* Privateer had the Inſolence to come in Sight of this Town, chaſed one of our Pilot-Boats in at the Swaſh Bar, and looked into the Road, where ſeveral outward-bound Veſſels were lying; and afterwards gave Chace to a Sloop, ſuppoſed to be either the *Blakeney* for *New-York* or Mr. *Manyee's* for *Exeter*, both which had ſail'd from hence that Morning. Had our *intended* Provincial Veſſel been ready, by the Evening or next Morning 'tis likely ſhe might have finiſhed the *Frenchman's* Cruize: But, as it is highly probable, that we ſhall 'ere long have more ſuch Viſitors (eſpecially when the *French Iſlands* are inform'd that *Cartha*na Ships have been taken with upwards of 100,000 *l.* of Indico on board) 'tis to be hoped, that a proper Veſſel will be *ſoon* bought or built, and fitted to protect the Trade, and our *cruiſing Sooners* which are now very numerous. N.B. *All our Northern Colonies and Weſt-India Iſlands have provincial Veſſels out.*

The ſame Evening a laudable Spirit diſcovered itſelf, for ſetting on Foot a private Subſcription, to fit out two Veſſels to go in Queſt of the above Privateer; and almoſt every Merchant in *Charles-Town*, with ſeveral Country Gentlemen, contributing thereto with remarkable Alacrity, by 9 o'Clock yeſterday Morning a Sum more than ſufficient for the Purpoſe was ſubſcribed; when immediately two Veſſels were taken up; which being compleatly fitted by the Evening, this Day they ſail'd over the Bar (altho' the Wind is at *S.E.*) upon a Cruize.---We muſt not forget to obſerve, how much we are obliged to Capt. *Knight* upon this Occaſion, who, (having before offered it), as ſoon as he was informed that we really intended to ſend *two* Veſſels in Queſt of the Privateer, fitted out *one* of them compleatly himſelf from His Majeſty's Ship *Arundel*, whoſe Want of a Foremaſt kept her in Port.---The Veſſels fitted out are, the Brigt. *Thomas & Sarah*, Capt. *Stephen Judkin*, manned with Volunteers and a Detachment from Lieutenant-Colonel *Bouquet*'s Corps; and the Sloop *Benjamin*, manned with Seamen and Marines from His Majeſty's Ship *Arundel*, and commanded by Mr. *Ireland* firſt Lieutenant of the ſaid Ship.

The laſt Poſt from the *Northward* brought Advice, That the two Companies raiſing in *North-Carolina*, to be employed in this Province, were compleating very faſt; and, that Governor *Dobbs* had ordered *Four* Regiments of the Militia of that Province, to hold themſelves in Readineſs to march to our Aſſiſtance at an Hour's Warning, in Caſe of Neceſſity: And, that a Veſſel was put into *Core* Sound, which, in Company with ſeveral others from *Philadelphia*, had fallen in with a *French* Privateer Sloop, off the Mouth of *Delaware* Bay, who had taken one Capt. *Grant* and ſome others from amongſt them.

Yeſterday the General Aſſembly of this Province adjourned 'till the 13th of *September* next; having finiſhed the Buſineſs of this ſhort but important Sitting, by paſſing the following Act, to which His Excellency gave His Aſſent, viz.

13. 2d Tuesday

An ACT, *granting to His Majeſty an Aid of* One Hundred *and* Sixty Thouſand Pounds *current Money, to defray the Expence of raiſing, cloathing, and maintaining, for* One *Year, a Regiment to conſiſt of* Seven *Companies of Soldiers, each to be compoſed of* 100 *Men beſides Officers, Five of which Companies is to be employed as well in the immediate Defence of* South-Carolina *as in the general Service of* North-America, *and the two other Companies to be employed wholly in the Defence of this Government; and to diſcharge the Arrears due to the Provincials garriſoned at Fort* Loudoun; *and to pay for Six Months Proviſions for the ſaid Provincials; And granting to His Majeſty, the further Sum of Fou-*

It is said, that a Society [illegible]
by the Merchants, and others in [illegible]
very Member of which is [illegible] depos[illegible]
at his Admission, for constituting a Fund (which is
intended to be kept up, by Monthly or Quarterly
Contributions, as well in Times of Peace as War)
from which one or two Vessels of War may, upon
any sudden Occasion, be immediately fitted out.
Different Plans having been proposed by different
Gentlemen, perhaps some Account of them may not
be disagreeable to our Readers: Some propose pur-
chasing a good *Bermuda* Sloop (or Brigt.), or *Two*,
to be completely fitted with Cannon, Stores, small
Arms, &c. and held in constant Readiness to put to
Sea, keeping a few Men on board to preserve every
Thing in Order, so that whenever a Privateer ap-
pears on the Coast, there may be nothing else to do
but manning and victualling: Others, are for pur-
chasing only Cannon, with all necessary Stores, small
Arms, Cutlasses, &c. sufficient for fitting out Two
Vessels and 200 Men; and for hiring and fitting
the Vessels, when wanted, if *then* to be had: And
others again, are only for establishing a Fund to hire
and fit out one Vessel, when there is an urgent Ne-
cessity for so doing. We have not Room at present
for more Particulars; but the *First* Proposal is ge-
nerally thought the best, for many Reasons, but in
particular, because it often happens, *that there is not
One Vessel in the Harbour proper to be fitted out*, and
also, *because His Majesty's Ships cannot at all Times go
over Bar*, the Consequence of which we need not
mention. If COUNTRY-GENTLEMEN would join
in forming this Society or Association, *Two* Vessels
might easily be fitted out, and alternately cruize to
protect the coasting Sceoners employed in bringing
their Produce to Market, &c. And it is thought,
that this Scheme will be well relished by the loyal
Charles County Gentlemen, who some Time since
set on Foot a Subscription for equipping a COUNTY
VESSEL OF WAR.

Our last Letters from *Georgia*, advise, that their
General Assembly were then deliberating upon 2 Bills,

in his Speech of the 16th ult. viz. one *for erecting Leg-
[illegible]*, the other, *to make that Province an Asylum for
Insolvents, &c. for 7 Years*; both which, 'twas be-
lieved, would pass into Acts.

☞ *The* NORTH POST *is expected in on Thurs-
day next, and as he will not be detained, 'tis desired that
all Letters intended to go by him, may be sent to the
Post-Office by the Evening of that Day.* ☜
